The Weather.

WASHINGTON, June 14.—Indiana, warmer, fair weather.

Take a day's rest and go to Rome City with the Young Men and Ladies' society of the St. Paul's Lutheran church. Train leaves south depot at 8:05 to-morrow morning.

To Rome City.

The Grand Rapids and Indiana railroad company has improved and beautified the grounds at Island park and Spring Beach and have added a splendid bath house at the latter point.

On the island, nice grounds have been arranged for foot ball and games of a similiar character, while its croquet parks have been improved, and to cap all, good meals can be had at the hotel on the island for twenty-five cents, except on the Fourth of July and during the assembly.

For rates for parties in less than car loads, call on R. B. Rossington, ticket agent. 11-2t

The ladies of the St. Paul M. E. church, in the East end of the city, will give an ice cream and strawberry festival at the residence of Mr. Robert Brokaw, No. 64 Walton avenue, opposite Dr. Thayer's institute, on Thursday evening, June 23. The proceeds of this festival will be used in building a new church. A welcome is extended to the public.

The big excursion to Rome City, which will be given by the Young Men and Ladies' society of the St. John's Lutheran church will leave south depot to-morrow morning at 8:05. You are invited.

CHOICE LOTS IN WILLIAMS ADDITION.

Near South Calhoun Street.

From $550 up. Small cash payment; long time on remainder if desired, with privilege of making payments to stop interest at any time. These lots are near to Calhoun street, the main central thoroughfare of the city, where property always rents well, is quickly saleable and is especially desirable from its location, midway between the Wabash on the west and Pittsburg offices and shops on the east. Calhoun is Fort Wayne's great central street, destined to be fully occupied with stores, shops, etc.

For these standard lots inquire of any real estate agent in the city or at the main office corner of Clinton and Berry streets, opposite the new government building. 19-tf

There will be a gymnastic entertainment and dance by the Fort Wayne Turnverein, Tuesday June 14, at Turner Hall. Admission 50 cents.

WILLIAM CHANDLER

Is Elected United States Senator by the Legislature of New Hampshire.

CONCORD, N. H., June 14.—The senate this morning voted for United States senator. The ballot resulted: Harry Bingham, democrat, 9; William E. Chandler, republican, 15.

The house voted for United States senator at 12:30 p. m. The following was the vote: Harry Bingham, 136; William E. Chandler, 165; scattering 6; There having been a majority for Chandler in the two houses he is elected for the unexpired term of the late Senator Pike.

It Will Not be Done.

NEW YORK CITY, June 14.—It has been decided to abandon the plan of getting up a monster petition for Dr. McGlynn, which was to be forwarded to Rome.

Who Did Discover America?

LONDON, June 14.—The documents are displayed in the Norse department of the American exhibition with the object of showing that the continent of America was discovered in 985 by an Icelander named Leif Erickson. A collection of maps, lent by the Royal Geographical society, show the route said to have been taken, and the parts of America explored and named by Icelanders.

The Indians on the Reservation.

WASHINGTON, D. C. June 14.—The adjutant-general to-day received the following telegram from General O. O. Howard, dated San Francisco, June 13th: "General Miles telegraphed that Capt. Pierce reports only sixteen men absent from San Carlos, that all the Indians on the reservation understand that the action of a few reflects upon the whole tribe and are anxious that the offenders should be captured. He leaves Los Angelos to-day for Fort Grant."

FOREIGN NEWS.

LONDON, June 14.—The jubilee yacht race around Great Britain and Ireland was begun to-day.

DUBLIN, June 14.—It is reported that the government intends to prosecute Michael Davitt and Mr. Joseph Richard Cox, nationalist member of parliament for East Clare, for their conduct in inciting the Bodyke tenants to resist eviction.

PRESIDENT CLEVELAND.

Newspaper Speculation as to His Movements—He May Spend a Fortnight in the West Late in the Summer.

NEW YORK, June 14.—A Washington special to the Herald says it is not true, as has been reported, that President Cleveland contemplates next autumn an extended tour through the west, in the course of which he will consent to be the principal attraction at sundry county and agricultural fairs and other bucolic diversions of like nature. It is more than probable he will spend a fortnight, late in the summer, hunting in the Adirondacks. In September he will attend the Grand Army celebration in St. Louis, stopping a few hours en route at Cincinnati, and possibly at Louisville. He will leave St. Louis via Omaha, where he may spend a half day. It is not improbable that another day may be spent in Chicago. Postmaster General Vilas, who will be at his home at Madison, Wis. about this time, has urged the president to extend his trip to that point also. This the president may do if his brief vacation will permit.

Our Water Supply.

In the joint report of the water works trustees and the committee on water works to the council, at its last meeting, they say: "We also report the water supply, which is now from Spy Run. The flow consists of a small stream, which does not exceed in width six feet, and in depth from one to six inches. It is safe to say, that this supply without rain, would become entirely exhausted in less than thirty days. The city would have to depend upon the chance of getting water supply through the pipe running from the basin to the St. Joe River, which, if all right and safe as to sufficient supply would cause extra strain upon the engine in lifting the water so high as it runs into the basin several feet lower than does the supply from Spy Run. We therefore suggest that a well be sunk as soon as possible."

From this it seems that our water supply is not satisfactory as to quantity and every one of our people who use the water know that the quality could not be much worse. Let us see what this supply, unsatisfactory as it is, has cost the city.

According to the report of the water works trustees for the year ending Dec. 31, 1886, there has been expended:

For a well,	$12,517.47
For Spy Run drain,	5,752.37
For pipe to St. Joe,	5,528,61
Total,	$23,798.45

To that about $24,000, to say nothing of interest, have been expended for a water supply that this joint committee say is no supply at all.

In 1879, the canal owners proposed to guarantee to the city:

1. To furnish all the water necessary for, power and pipe supply, together with labor and all other expenses necessary to operate the pumping works to the satisfaction of the city for the sum of $5,000 per annum, with a daily consumption of three million gallons, or a proportionate reduction for a smaller daily consumption.

2. To furnish all the water for power and supply only, to pump three million gallons daily with deduction for a less daily consumption for the sum of $3,000 dollars per annum.

3. To furnish a daily supply of three million gallons for the sum of $1,500 per year.

If this proposition had been accepted, we would have had better water, our pumping machinery would be in better repair than it is, the city would have saved not less than $25,000, and those who take water could have had more than double the quantity they have had without additional expense.

A CARD.

H. G. Olds Makes a Very Manly Proposition.

To the Editor of The Sentinel.

I read with a great deal of interest the article of D. N. Foster in this morning's issue of the *Gazette*. This is a move in the right direction and meets with my hearty sympathy. If Mr. Morgan, or any other candidate for school trustee will commit themselves before the council this evening to a policy that the fund in possession of the school board must earn some revenue, and said revenue be applied towards the establishment of a public library for the city of Fort Wayne, and when such a position is the established policy of the school board, and a fund of $10,000 is accumulated for a public library, I will subscribe as much as any citizen of this city for a public library building, or I will subscribe fifteen per cent of any public library building erected in our city.

H. G. OLDS.

The Hundred Mile Bicycle Race.

INDIANAPOLIS, June 14.—The one hundred mile bicycle race run yesterday on the public roads near Crawfordsville was won by Rhoades. Time, 7 hours, 57 seconds. Crocker was second.

The After-Dinner Nap.

There is much difference of opinion concerning the desirability of an after-dinner nap. Those who advocate it cite the example of animals, but these gorge themselves with food whenever opportunity offers, and are heavy and drowsy in consequence. A short rest is, however, different from lethargic sleep, and often appears to do good. Brain-work should certainly be forbidden after dinner; the interval between it and bedtime should be devoted to recreation and amusement. In the case of elderly people a short nap after a late dinner often aids in digestion, but as a general rule it is better for such persons to make their principal meal at 2 p. m. The digestive powers of most elderly people are at a low ebb in the evening. When sleeplessness is troublesome relief should be sought for in the discovery and removal of the cause whenever possible. The condition is often due to indigestion, and when this is the case the ordinary remedies for inducing sleep are worse than useless. The nervous relations between the brain and the stomach are so intimate that disorder of the one organ is almost certain to affect the other. Excitement, worry, and anxiety, which have their seat in the brain, interfere with the functions of the stomach, and in like manner anything that unduly taxes the power of or irritates the stomach disorders the circulation and nutrition of the brain. The sleeplessness complained of by gouty persons is due to the poisonous effect of the morbid material upon the nervous system. Excessive smoking, too much alcohol, tea, and coffee, often resorted to by overworked persons, are frequent causes of sleeplessness. In all these cases the cause is removable, while the effect may be counteracted by appropriate treatment. Nothing is more mischievous, however, than to continue the habits, and to have recourse to drugs to combat the effects. A due amount of exercise tends to induce normal sleep, and such exercise need not be of a violent character. A walk of two or three miles daily is sufficient, and is perhaps as much as a busy man can find time for. A ride on horseback, the Palmerstonian cure for gout, is probably the best form of exercise for those whose minds are constantly at work. It has been well said that a man must come out of himself when in the saddle; he is forced to attend to his horse and to notice the objects he meets. Walking may be a merely automatic process and afford little if any relief to the mind, and carriage exercise may be practically valueless if the mind is not diverted from what had previously occupied it.—*Fortnightly Review.*

WHEAT PANIC!

The Great Wheat Clique of Chicago Utterly Demoralized and Many Will go to the Wall.

CHICAGO, June 14.—There was a panic in the wheat pit this afternoon and the great wheat clique is utterly demoralized and it is said to have gone broke on to-day's sensational drop in prices. Moritz, Rosenfeld & Co., one of the clique houses said to a reporter this afternoon: "This wheat clique has not kept its engagements and will have to suspend." It is feared a number of other houses will go to the wall before night.

12:50 P. M.—Rosenfeld & Co.'s failure has just been announced on the board and wheat declined for June from 92c to 75c.

Immediately after Secretary Stone had announced the suspension of Rosenfeld & Co. the offices of this firm as well as of other commission houses who are supposed to be acting for the clique, were crowded with anxious brokers all anxious to know what the situation was and whether other clique houses would be forced to suspend also. "Our suspension," said Mr. Johnson, the manager, "is due simply to the reason that our Cincinnati clients have failed to keep all their verbal and written promises in regard to putting up margins. We were assured by them last night that that money would be forthcoming this morning, and at intervals of ten minutes all this forenoon we have received telegrams from Cincinnati announcing that the money for margins would be placed to our credit here. Up to noon, however, nothing had been received from them, and to prevent more serious losses we took the steps we did." The greatest excitement prevails among the board of trade houses, but up to 2 p. m. no further failures had been announced.

CHICAGO, June 14.—The closing prices at 1 p. m. were wheat, cash, 74½; July, 75. Corn, easier, 36⅜. Oats, easy, 24⅛.

2:30 P. M.—It has just been announced on the board of trade that the commission firms of Hamill & Prine and E. W. Berry have suspended. Kershaw & Co., who are recognized as the leading clique brokers, sent in a communication to the secretary of the board of trade that they would have plenty of money by to-morrow, and requesting all houses to keep their trades which were then open until then.

At the afternoon session June wheat closed at 74½; July, 75½.

3 p. m.—The excitement on the board of trade quieted down somewhat as the afternoon session drew to a close, and no further developments are looked for to-day.

AT NEW YORK.

NEW YORK, June 14, 1 p. m.—The depression in the wheat market is even more marked at this hour. The extreme decline is 3⅛c without failures.

AT MILWAUKEE.

MILWAUKEE, June 14.—The sudden drop in wheat caused intense excitement on 'change to-day. Three failures were announced viz: Frank Wilson, Joseph Wilde and Hill, Fleitzheim & Co.

COAL DISCOVERED.

A Rich Strata of the Dusky Diamonds Under Maysville, this County.

MAYSVILLE, June 13, 1887.

EDITOR THE SENTINEL:

The development of our progressive age has taken a different direction in our neighborhood from the natural gas excitement manifested in some parts of our state, and instead of natural gas we have strong indications of large and extensive stone coal beds underlying the natural fountain bed of water all over the county, south and east of our village. A few years ago, Abraham Kelly, living about one mile southeast of our town, augered to the fountain bed for an artesian well and came to this strata of coal about twenty feet below the surface. The auger brought up some fine specimen lumps of stone coal and the evidence given by the workmen engaged, is that they penetrated the vein about two feet and finding it hard work, and having obtained a sufficient flow of water they did not go any deeper. Since then several good fountains have been established by the same process, and every time they encountered the same deposit of coal before obtaining the artesian well of flowing water. The evidences are very prominently developed that a coal bed of excellent coal stone lies very close to the surface and in such quantities that capital invested would pield a paying per centage. Within a few weeks ago several farmers within one mile and a half of our village have been boring for fountains and struck the same vein of stone coal and in greater abundance. On John Gorrel's farm they reached the stone coal bed about thirty-one feet below the surface, and drilled into it about the distance of two feet and then did not go any further, as their drill would not penetrate the coal vein very encouragingly. They brought up nearly a peck of stone coal material and have tried some of it in the blacksmith forges of the neighborhood and it is pronounced by the blacksmiths as an excellent article of stone coal. On last week another case of the same kind occured on the farm of Eugene Widdifield, and here they sunk their auger eighteen inches in the same strata of coal and were compelled to stop, as the augur made very slow progress of it in this case. Also a large quantity of stone material was taken up and again tested in our smith forges, and it was again found to be an excellent quality of stone coal. These last places are from a quarter to a half mile apart and appear to establish the fact that a very large and extensive coal bed has been discovered underlying the surface and in such quantities as to pay a good percentage on invested capital if properly utilized. We are still awaiting further developments, hoping that our enterprising citizens will not stop short of properly improving this important discovery.

GOT THE CASH.

The State Will Pay for the Carnahan Site for the Feeble Minded Children.

The Indianapolis *Journal* this morning says: "The Fort Wayne people had what they considered a good offer of land for the school for Feeble-minded children, and were somewhat disappointed when told that the state had no money just now to give them. They began to fear that unless they had the land, at least, they would finally lose the school, and in support of this referred to what had been done in regard to the new Insane Hospital Fort Wayne expected to get. Persistent persuasion obtained for them, yesterday, the $10,000 needed. It was paid on a warrant of the state auditor, but the Fort Wayne representative on the board of trustees for the school named was told that he could get no money for building purposes until next year. He said they could borrow sufficient on individual responsibility to begin the work.

A GREAT SUCCESS.

The Entertainment and Social at the Railroad Reading Rooms.

The entertainment given by the Ladies' Auxilliary of the Y. M. C. A. at the Railroad reading rooms last night drew to that place a good sized audience and was a rich musical feast for those who were so fortunate as to be in attendance. The program was not a long or tiresome one, and by 10 o'clock most of the visitors were in the room below partaking of the delicious repast of ice cream, lemonade and cake that the ladies had prepared for the occasion. The musical program as carried out was as follows:

Prayer.....Mr. R. M. Hays
Song—"Hear Our Prayer".....
Misses Welch and White and Messrs. Hadden and McClusky
Song—The Mozart Quartet.....
Messrs. Shulty, Bradley, Woolsey and Saynor
Piano Duett.....
Prof. Dawson and Miss Kate Chapin.
Guitar Duet....Messrs Rose and Maier
Solo.....Mr. Alfred Hadden
Song.....Mozart Quartet
Song—Pinsuti Quartet....Messrs. Covington, Goodwin, Anderson and Miller.
Piano Selection..Miss Jennie Campbell
Guitar Duet....Messrs. Rose and Maier

A BRUTAL MURDER.

A Farmer's Wife Slain by Three Burly Tramps Who Sought to Plunder Her Residence.

RICHMOND, Ind., June 14.—To-day William Bell, a farmer living over the Ohio line, drove to Eaton, the county-seat of Preble, with his daughter, leaving his wife, aged thirty-five, and son, aged twelve, at home. About 5 o'clock the latter was startled by pistol shots, and, hurrying down stairs, was terrified to see his mother in the hands of three burly tramps, one of whom was armed with an axe. In his fright he ran to a neighbor's, and help soon arrived, but a ghastly scene awaited them. The woman was lying dead upon the floor, in a pool of blood, her head crushed in on one side and nearly cut off. The shots fired lodged in the door and window casings. Even the ceiling was stained with her blood. The manner in which the drawers and shelves in the house were searched indicated the purpose, but they obtained small booty. The country is being scoured by posses of excited men, who will make quick work of meting out justice if successful in their search.

THE MARKETS.

The Prices From the Great Business Centers of the Country.

NEW YORK, June 14.—The stock market was irregular at opening this morning. Differences were for small fractions, the only declines being in a majority. There was some animation in the first ten minutes during which further slight declines were made, but the market then became very dull but firm and prices rallied to generally a shade above the opening which prices remained stagnant and utterly devoid of feature. The principal trading was in Reading, Western Union, Union Pacific, Louisville and Nashville and grangers. At 11 o'clock the market was extremely dull and inclined to heaviness.

Noon—Money, easy, at 4@5 per cent. United States 4's coupon, $1.29½, do 4½'s coupon, 1.09½.

Pacific, 6's of '95, $1.23½.

NEW YORK, June 14.—Wheat, depressed; unsettled 1½@2⅛c lower. No. 2 red, June 93½@94⅛ Corn, ½@⅝c lower, dull and heavy; mixed, 47@48. Oats, ½@⅝c lower, 33@41. Pork, steady, new mess, $16.00; old, do, $1.00. Lard, weaker, $6.87½. Butter, firm, 12@16. Eggs, 16½. Sugar, quiet; powdered, 6⅛c. Molasses, dull and heavy, 20c. Coffee, dull and nominal.

NEW YORK, June 14.—As a result of the heavy decline at the west, the local wheat market suffered a bad break and during the period under review there was considerable excitement on pressure to sell.

TOLEDO, June 14.—Wheat, lower but active, at 86⅛c. Corn, quiet, at 39⅛c. Oats, neglected. Clover seed, steady, at $4.25.

CHICAGO, June 14.—This was a repitition of Saturday's panic in weak market this morning. In less than five minutes from the opening of the board July wheat broke three cents and went down until 79c was reached when a reaction set in and wheat is now gradually advancing, the last quotation being 79⅛c for July.

Hogs: Receipts, 16,000; active, and firm and 5@10c higher; mixed and heavy packing and shipping, $5 00@5 32½. Cattle: Receipts, 9,000, unchanged. Beeves, $3 65@4 80. Stockers, $2 25@3 20. Sheep: Receipts, 3,000, stronger; natives, $3 00@3 30, Texans, $2 50@3 50; lambs, $1 25@$1 35.

NEW YORK, June 14.—Coffee market opened firm, 95 to 100 points above yesterday's close. Feeling is much improved and the general belief is that the worst is over. W. H. Crossman & Brother are sustaining the market strongly and bidding for 10,000 bag-lots at advanced prices.

Cured by Prayer.

The people of Huntington, Ind., are agitated just now over a somewhat remarkable faith cure that was performed there last week, through the power of prayer. A lady who has been an invalid for years, and who has been confined to the house and not able to walk during all of that time, was induced by friends, who were believers in the faith cure, to submit herself to the test. Accordingly they assembled at her residence last week and prayer was offered for her recovery and restoration to health. The prayers were earnest and offered with the faith that their request would be granted, and sure enough the lady arose from her chair the same afternoon and within the same hour and walked about perfectly restored to health. She went into the kitchen and with her own hands prepared a repast that was served to her benefactors and guests before they left the house. Most of the believers in the faith cure that restored the lady to health were the followers of the remarkable Mrs. Woodworth, whom THE SENTINEL made famous some months ago by being the first to herald her methods to the world.

Daily Sentinel

TUESDAY, JUNE 14, 1887.

THE real estate boom at Indianapolis has flattened out and the people of the sleepy capital are looking about for something to cover up the hole.

EX-SECRETARY MANNING has returned from Europe in excellent health. He will cut a figure in national politics and can send a solid New York delegation to the convention for Mr. Cleveland.

THE gas towns are whistling to keep up appearances. The celebrations in vogue now are simply devised to prolong life in villages that have nothing more substantial than a few gas wells back of them.

THE Washington *Star* says that Cleveland will head the next democratic national ticket, with either First Assistant Postmaster-General Stevenson, Postmaster-General Vilas, Senator Voorhees, or ex-Governor Hoadley on the second place.

THE Morton club, last night, passed resolutions calling on the city school board to collect interest on the funds it has deposited in the banks so that the earnings of the surplus can be directed towards establishing a public library. The proposition is an honest one, but who can compel the banks to pay interest, and when they decline to do for the state what they will not do for an individual, what relief can be obtained? Surely no one will insist that the money be taken from the banks.

A CORRESPONDENT of the Seymour *Democrat*, writing from Kansas, says: "I would not give one farm in Indiana for the whole state of Kansas, if I had to live here. Was out to Wichita yesterday—and that town beats anything I ever saw. We got on a street car and rode out in a corn field. I asked the driver if the town extended this far? 'Yes,' he said; 'this is only Fifteenth street—town runs to Forty-second street.' The town has lost her boom. Property that sold last month for $1,200 is being advertised at $600, but none selling. This state cannot hold her boom long and then she will be worse off than she was before."

THE FOURTH OF JULY CELEBRATION.

The Business Men's exchange was too hasty in abandoning its intention to observe publicly July 4, the approaching anniversary of the nation's independence. It was not essential to unite with the Fair association or the Knights of Labor, neither was it necessary to conflict with their interests. It is a moral certainty that an industrial parade in the morning and a free fire works display in the evening would not in the least detract from the Fair association's afternoon exhibition, nor would it embarrass the Knights of Labor, who might, for all that, participate in the morning parade and then proceed to their picnic grounds to indulge in the pleasures they provide. This program could not be impressed on the Knights of Labor with favor, neither would they accept special privileges from the Fair association, saying that they wanted to observe the "glorious Fourth without money and without price." The Exchange might have granted them that right under the declaration of independence, likewise privileged the Fair association, and still arranged an industrial parade and fire works display, or a free fire works display without a parade, but it did not see fit to do so, possibly because there is, as is always the case, a spirit of rivalry between the people most interested in these occasions. It is a custom here, also, to criticise public spirited gentlemen, who usually make celebrations a success and bring hundreds of strangers to the city, so that such a position is not an enviable one.

THE SENTINEL hopes that the differences that unhappily led the exchange to abandon the movement to celebrate and properly observe the Fourth of July, will not deter the merchants of the city from taking the matter in their own hands and carrying it to a successful conclusion.

THE whims of some European countries are summed up by a German newspaper: "In the best French society it is the fashion to imitate the language and manners of the street; in Germany one is sickened by the dried grasses and plants which are used as decorations and dust-catchers, and by the carved hideous faces, heraldic vultures, and lions which form part of our 'stylish' furniture. In England it is the abuse of æstheticism which has been growing for some years."

Scarlet Fever and Diphtheria
are spread by contagion, by the transfer of living matter. These particles come from the skin, the membranous lining of the mouth, nose and throat, and from the intestines and urinary organs. Disinfect promptly and thoroughly witth Darbys Prophylactic Fluid, the great germ destroyer.

Prof. H. T. Lupton, of the Vanderbilt University, Tenn., says: "As a disinfectant and detergent Darbys Prophylactic Fluid is superior to any preparation with which I am acquainted."

ZOLA'S ordinary income exceeds $60,000 a year. Thiers sold his history for $100,000.

POETRY is not made out of the understanding. The question of common sense is always: "What is it good for?" a question which would abolish the rose and be triumphantly answered by the cabbage.—*Lowell.*

JOHN WANAMAKER, the great Philadelphia merchant, is about to erect an immense structure in which the unmarried men in his employ can find a home. But the question is, Will they take to a home where there are no women folks?

CORNELIUS VANDERBILT is an uncompromising total abstinence man. A row of stores is to be built this summer opposite the Grand Central Depot, and Vanderbilt has provided in the deeds for perpetual prohibition of the liquor traffic as far as the 200 feet of store front is concerned.

THE women in the Sultan's seraglio at Constantinople have just been vaccinated to the number of 150, in a large hall, under the superintendence of four gigantic eunuchs. The Italian surgeon to whom the task was confided was stationed in front of a huge screen, and the women were concealed behind it. A hole had been made in the screen just large enough to allow an arm to pass through; and in this manner the arms of various colors and sizes were presented to the operator in rapid succession. It was utterly impossible for the surgeon to get a glimpse of his patients; but, in order to guard against the chance of his being able to see through the screen, two eunuchs, who stood by the operator, threw a shawl over his face the instant an operation was concluded, and did not remove it till the next arm had been placed in position.

If the liver and kidneys are sluggish and inactive, Hood's Sarsaparilla will rouse them to prompt and regular action. Take it now.

THE REV. GEO. H. THAYER, of Bourbon, Ind., says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE."

DR. N. S. RUGGLES, of Marion, Mass., says: "I recommend Brown's Iron Bitters as a valuable tonic for enriching the blood, and removing all dyspeptic symptoms. It does not hurt the teeth."

DR. R. M. DELZELL, Reynolds, Ind., says: "I have prescribed Brown's Iron Bitters in cases of anæmic and blood diseases, also when a tonic was needed, and it has proved thoroughly satisfactory."

MR. WM. BYRNS, 26 St. Mary St., New Orleans, La., says: "Brown's Iron Bitters relieved me in a case of blood poisoning, and I heartily commend it to those needing a blood purifier.

MR. W. W. MONAHAN, Tuscumbia, Ala., says: "I have been troubled from childhood with Impure Blood and eruption on my face—two bottles of Brown's Iron Bitters effected a perfect cure. I cannot speak too highly of this valuable medicine."

The Women of Mexico.

In point of amiability, warmth of manner, and affectionate temperament no women in the world can compare with those of Mexico. Beside them all other appear cold and stiff, and whatever advantages these gentle creatures may derive from their intercourse with foreigners it is sincerely to be hoped they may never lose the graceful cordiality which forms so agreeable a contrast to American and English frigidity. In the eyes of strangers this, together with their sweet voices, is an unfailing charm. In fact a foreigner—especially if he be an American or an Englishman, accustomed to the coldness of his fair countrywomen—need live here no longer than to acquire some smattering of the language and become accustomed to the peculiar style of Mexican beauty to find these senoritas perfectly irresistible. And they in turn are always fascinated by the tall, blonde, and active Anglo-Saxon who is so great a contrast to their own countrymen.

But when a foreigner marries a Mexican woman he ought invariably to settle here, for it is very rare that his wife can live anywhere else. They miss the beautiful climate, and pine for that universal cordiality and warmth of manner by which they have been surrounded in Mexico; they yearn for the lassies-aller and absence of all etiquet in habits, toilets, etc. In other countries they find themselves surrounded by women so differently educated as to be doubly strangers. A very few instances have been recorded of Mexican girls who have been married and taken to Europe when very young, who have acquired European ways of thinking and even prefer the land of adoption to their own; but these cases are so rare as scarcely to form exceptions. They are true patriots, for the visible horizon bounds all their wishes. In France, Spain, or Italy they might manage to exist, but in the United States or England they would be as much out of their natural element as fish out of water. An icy climate, not colder than the manners of the people, a harsh language almost impossible to acqure, a religion which they consider heretical, etiquet carried to excess, and insupportable order in the toilet—rebosos unknown, cigaritos considered barbarous—they feel like exiles from paradise and live only in hopes of return.

If a Mexican girl is ignorant she seldom betrays it. Generally they have the greatest tact, never by any chance wandering beyond their depth or indicating by word or sign that they are not perfectly well informed on the subject under discussion. Though seldom graceful on foot they are never awkward, and always self-possessed. They have plenty of natural talent, and where it has been cultivated no women can surpass them. Of what is called literary society of course there is none. There are, however, a few families of the old school, descendants of titled Spaniards, who are rich without ostentation and highly educated. These select few mingle little in general society, being scarcely known at all to foreigners; and you may be sure they keep their daughters closely at home that they may not be contaminated by bad examples.—*City of Mexico letter.*

It is a Curious Fact

That the body is now more susceptible to benefit from medicine tan at any other season. Hence the importance of taking Hood's Sarsaparilla now, when it will do you the most good. It is really wonderful for purifying and enriching the blood, creating an appetite and giving a healthy to the whole system. Be sure to get Hood's Sarsaparilla, which is peculiar to itself.

Such testimony should induce all families to at least try pond's Extract; an invaluable remedy for all pains and hemorrhages.

A Fit of Painful Modesty.

On one occasion a young man was going to a country town in an open stage, the driver of which was a garrulous old fellow and the other passengers two old maids and a little girl, Mac being on the seat with the driver. One of the ladies was an affected, overnice kind of a female, who liked to talk, and she kept the driver busy. She was dilating upon the advantages of city life.

"And then, besides all this," she said, "things are so much cheaper in the city."

"Yes'm," replied the driver.

"Why, only yesterday I saw hose sold in a store for 20 cents that would cost 50 in the country."

This was a power, and it was followed by a period of silence, broken by the little girl, who remarked:

"Say, auntie, what is hose?"

"Sh—sh," said the aunt, shaking her head, and the child became silent for a moment, and the aunt began to talk again.

"Auntie," interrupted the child, "what is hose?"

"Keep still, Fannie," said the aunt, with an angry blush.

But the child wouldn't keep still, and very shortly broke in again:

"Say, auntie, what is hose?"

This was too much, and with a snap the aunt put her foot in it.

"Well, if you must know," she answered, "hose is stockings; but I hoped that I would not be compelled to mention the word before that nice young man on the front seat."—*Washington Critic.*

SIMMONS LIVER REGULATOR

DYSPEPSIA

Up to a few weeks ago I considered myself the champion Dyspeptic of America. During the years that I have been afflicted I have tried almost everything claimed to be a specefic for Dyspepsia in the hope of finding something that would afford permanent relief. I had about made up my mind to adandon all medicines when I noticed an endorsement of SIMMON'S LIVER REGULATOR by a prominent Georgian, a jurist whom I knew, and concluded to try its effects in my case. I have used but two bottles, and am satisfied that I have struck the right thing at last. I felt its beneficial effects almost immediately. Unlike all other preparations of a similar kind, no special instructions are required as to what one shall or shall not eat. This fact alone ought to commend it to all troubled with Dyspepsia.

Dr. C. T. Melsheimer, of Bluffton, is very ill and his family have been summoned to his bedside. The doctor is seventy years of age and located at Bluffton in 1846. He is known to the profession all over northern Indiana.

Dr. S. B. McManus' poem "F'at would you take for me," has been translated into the German and French languages. The subject was his own little girl—George Eliot—then three years old, who lay in his arms through a long, anxious night, sick with a fever, during which she asked "Papa, what would you take for me?"

While at Churubusco on Sunday, Cy Lose lost his pocket book containing $38 in money and $280 in notes, He did not miss it until he reached this city in the evening and he returned the next day to search for it. It had been picked up on the railroad track by a farmer, and upon Mr. Lose's describing the property, the honest farmer returned it to him.

The following building permits have been granted: To Sophia Meyer, to erect a kitchen costing $150 on lot 45, Hanna's addition; to Peter Kline, to erect a one-story frame house costing $600 on lot 112, North Side addition; to Michael Kopp, to erect a one-story frame house costing $250 on lot 26 in Lillie's addition; to Bruno Yobst, to erect a wood shed costing $10, on lot 20, North side addition.

Last evening Frank Herald, one of the bell boys at the Aveline house, was ascending in the elevator with Mr. P. H. Werstein, of the Globe Warehouse. When they reached the third floor the lad in some way got his leg caught between the elevator floor and the frame above and severely injured the limb. The elevator descended, and Drs. McCaskey and Wheelock were called. The boy was taken to his home in a carriage by the latter. His injuries were dressed by Dr. Wheelock, and the boy will not be able to resume work for a few days.

The police commissioners met last night and revised the rules for the day and night officers. The officers must all have new uniforms by July 1. They must also drill under the direction of Captain Diehl and they are forbidden to stop and talk to people unless on important business. The other restrictions of the old rules remain in force.

Henry Meyer, who works in the wheel shop of the Bass foundry and machine works, was overcome with heat yesterday. He had been drinking considerable water during the day, and when he quit work at six o'clock and was crossing the railroad track on his way home, he fell to the ground unconscious, and had to be taken home in a hack. Dr. Sturgis was hurriedly called and in about an hour Mr. Meyer regained his consciousness. This forenoon he was considerably better, but he will not be able to resume work for several days.

The twenty-third annual convention of the Indiana Sunday School union will be held in Columbus, beginning Tuesday evening, June 21, and continuing through Wednesday and Thursday. It is a mass convention, open to all Sunday school workers in the state who desire to attend. All persons who attend can secure reduced railroad fare, viz: one fare and a third for round trip, by simply getting a certificate from the ticket agent showing that they have paid full fare going. This certificate, when stamped by the secretary, entitles the holder to a return ticket at one-third the usual rate. Sunday school officers in this city and throughout the state are requested to make this announcement and appoint delegates and urge a full attendance. Free entertainment will be provided by the good people of Columbus.

"Dice" Strodel is lying at the point of death.

George C. Hahns, of Lafayette, is in the city to-day.

Rudy Rinewald went to Rome City to-day with the excursion.

The *Gazette* says the Knights of Labor band has disbanded.

Judge C. A. O. McClellan, of Auburn, is in the city on legal business.

Mr. M. Frank, of the Bee Hive, returned from Chicago last evening.

Main street needs new sidewalks worse than any thoroughfare in the city.

The Laporte band arrives at 10:50 to-night. They are quartered at the Windsor.

Pfeiffer & Schlatter sue David Knepper for $50. A. H. Bittinger is their counsel.

A little daughter of Fred Racine, on Cass street, Bloomingdale, is sick with the measles.

The bulk head of the Harrison street sewer is going to pieces. The city will have to repair it.

Superintendent George F. Felts was summoned to locate a new school house at Monroeville, to-day.

Ben McKenzie, a section man on the Wabash, fell from a hand car west of the city this morning and broke a rib.

The Pittsburg have completed a large stationary boiler which is being placed in position in their machine shops.

The county board of equalization is in session, the county commissioners acting with the regular court appointees.

Christ Koenig, the Harmer street grocer, was out on the streets this afternoon with a handsome new delivery wagon.

N. L. Agnew, Winnemac; James Boyce, Muncie, and W. Chandlee, Richmond, are the Hoosier guests of the Aveline house.

The Fair association is going to invite Green Smith to deliver a Fourth of July oration in this city and the Gatling gun will fire a salute.

Peter Mettler and Mary Luely, William Mitchell and Mary Lallow, August Tremmell and Gertrude Gutermuth have been licensed to wed.

Sadie Boman this afternoon sued Charles Boman for a divorce. Mr. P. B. Colerick penned the complaint and alleges cruelty and abandonment.

John Vizzard, a blacksmith in the Pittsburg shops, has removed his family to Chicago where he has secured a similar position in the company's shops.

Mr. Ed Clausmeyer has accepted a position as chief of the stamp department in the post office. Ed is always pleasant and competent for any place.

Frank Cattez, and employe of the Pittsburg car shop, let an ax fall on his right foot to-day and almost severed the member from his ankle. Dr. George Stemen attended the sufferer.

The banks have entered into a combination to divide all the public fund deposits. There will be no more wrangling over these surplus monies and the capitalists will dwell in peace.

Eight brick layers at work for H. C. Paul, on Fred Eckerts new stable, struck this morning and Mr. Paul had to abandon the contract. They allege that Mr. Paul does not belong to their union hence their refusal to work for him.

Passenger train No. 44 on the Wabash has been made a limited, and the time shortened two hours between St. Louis and Toledo. The running time is now forty miles an hour, including stops.

The Platt Deutsche Fritz Reuter Verein are going to give another excursion to Warsaw, but no excursion rates to Dr. Shutt go on the program. He abandoned the party last Sunday and sought the society of his rotund sweetheart.

Dr. Charles M. Goheen, of South Whitley, was fined $10 and costs, yesterday, by Judge Woods, of Indianapolis, for violating the internal revenue law. The doctor formerly lived in Fort Wayne and his clever arrest by Inspector Geo. Ohneck is recalled.

The Chicago *Tribune* special from Springfield, Ill., says: "The Lillie veto will come up on special order in the house to-morrow. It may receive enough votes to get it through the house, but its success in the senate is by no means assured." It was to come up at 11 o'clock, and if the grant is refused Mr. Lillie will sue the state.

Dick Nahrwald, the man who stabbed James Boyle, is still at large. Boumeister, who was indicted for the offense, turns state's evidence on Nahrwald, and Prosecutor Dawson is pretty angry because the fellow is not arrested. The warrant is in the hands of the sheriff and his men, but they do not seem to get the fugitive, although he is in the city and works off and on at the Bass foundry. The day officers will not leave their beats to look for Nahrwald and this is the way crime is detected and punished.

Manager O. L. Perry yesterday discovered in the proceedings of the common council, August 25, 1874, a report giving the Western Union telegraph company the right to place its poles on Calhoun street. The report is signed by T. Hogan, H. Schnelker and H. N. Putnam. It reads: "Your committee on streets, to whom was referred the petition of the Telegraph company, asking the privilege of setting their poles on Calhoun street, would report in favor of granting said petition, provided the poles are outside of the curb, and at the street and alley crossings only, and to be under the supervision of the city civil engineer; and that said engineer be satisfied that said poles be properly painted." The report only gives the company the right to place its poles at the street and alley crossings, whereas now they are scattered along the street in front of business houses. If the council cannot change its action granting the company the right on Calhoun street, it can make it live up to its agreement.

NEW K. OF P. LAWS.

Several Amendments to the Constitution —and What They are.

During the final afternoon session of the grand lodge, Knights of Pythias, at Indianapolis, the following amendments to the constitution were adopted:

Art. II. Sec. 1. The elective officers of the lodge shall be chancellor commander, vice chancellor, prelate, keeper of records and seal, master of finance, master of exchequer, and master at arms, who shall be elected annually at the last stated meeting night in December.

Art. IV. Sec. 3. Should one black ball appear against a candidate the ballot shall be renewed immediately, and, if there still be but one balloting shall be deferred until the next regular meeting, during which interval the member who cast the black ball shall inform the chancellor commander, in writing, for the reason of his opposition to that candidate. The chancellor commander, on receipt of the information, shall remove the name of the informer, and at the next regular meeting shall read to the lodge the objection named, after which another ballot shall be had, and if not more than one black ball then appears, the applicant shall be declared elected. If the member casting a black ball fails to give his written reasons to the chancellor commander before the next regular meeting the applicant shall be declared elected; "provided that the chancellor commander shall never reveal the name of the member who cast the black ball." Should two or more black balls appear, the applicant shall be declared rejected, and no other ballot shall be taken in his behalf for the space of "six months thereafter" and should be adopted by this grand lodge,

The amendment to section one of article two will not affect the coming elections, but will go into effect at the December elections. Section ten article five of the general laws was so amended that when a lodge has accumulated a sum of $1,000, such levy for the widows and orphans' fund may cease until such maximum sum of $1,000 shall have been reduced, in which event the levy of five per cent shall again be made as provided, until the maximum of $1,000 shall have again become accumulated.

WE'LL NOT CELEBRATE

This Fourth but Some Other Fourth in the Dim Future.

Mr. S. C. Lumbard presided at quite a largely attended meeting of the Business Men's Exchange last night. Mr. John Reuss was voted into membership and considerable routine business transacted. The committee to arrange a celebration for July 4th reported and explanations from the committee, from Chairman Rohan, of the Knights of Labor, and D. C. Fisher, of the Fair association, followed. The Knights of Labor would submit to nothing but a free celebration, the Fair association looked over its bank account and found that it was not in a position to give $3,000 or $5,000 worth of entertainment for nothing or for fun, while the Business Men's Exchange did not see its way clear to harmonize with either of the foregoing interests and voted to abandon the Fourth of July celebration entirely.

A NEW ONE.

The Walter Langtry Medicine Company Organized.

The Walter Langtry Medicine company filed articles of incorporation with County Recorder Heller yesterday. The association has a capital stock of $8,000 divided into shares of $50 each. The object of the company is to manufacture in Fort Wayne medicine and veterinary instruments and to vend the same.

The directors are Walter Langtry, Milton H. McKean, David McKay, Henry G. Stouder and Louis Meyer.

The Orphans' Fair.

Their was a very nice crowd at the Orphans' fair last night and of course the hall will be crowded to-night. The voting contest, closed as follows:

For the locomotive engineer's kit, "Sandy" Hilliker 12, George Moiser 10, W. P. Morris 13, James Sauers 10, James Densby 11 and Will McPhail 10.

The vote for the upholstered chair between the commercial travelers stood, L. J. Bobilya 34, Frank Purcell 10, Ben Fisher 18, Rie Shoaff 21, Frank J. Noll 10, Charles Falk 11 and H. C. Giles 10.

The vote for the desk revealed this vote: The Catholic Knights 13, the Benevolent legion 63.

The Weather.

WASHINGTON, June 14.—Indiana, warmer, fair weather.

Take a day's rest and go to Rome City with the Young Men and Ladies' society of the St. Paul's Lutheran church. Train leaves south depot at 8:05 to-morrow morning.

To Rome City.

The Grand Rapids and Indiana railroad company has improved and beautified the grounds at Island park and Spring Beach and have added a splendid bath house at the latter point.

On the island, nice grounds have been arranged for foot ball and games of a similar character, while its croquet parks have been improved, and to cap all, good meals can be had at the hotel on the island for twenty-five cents, except on the Fourth of July and during the assembly.

For rates for parties in less than car loads, call on R. B. Rossington, ticket agent. 11-2t

The ladies of the St. Paul M. E. church, in the East end of the city, will give an ice cream and strawberry festival at the residence of Mr. Robert Brokaw, No. 64 Walton avenue, opposite Dr. Thayer's institute, on Thursday evening, June 23. The proceeds of this festival will be used in building a new church. A welcome is extended to the public.

The big excursion to Rome City, which will be given by the Young Men and Ladies' society of the St. John's Lutheran church will leave south depot to-morrow morning at 8:05. You are invited.

CHOICE LOTS IN WILLIAMS ADDITION.

Near South Calhoun Street.

From $550 up. Small cash payment; long time on remainder if desired, with privilege of making payments to stop interest at any time. These lots are near to Calhoun street, the main central thoroughfare of the city, where property always rents well, is quickly saleable and is especially desirable from its location, midway between the Wabash on the west and Pittsburg offices and shops on the east. Calhoun is Fort Wayne's great central street, destined to be fully occupied with stores, shops, etc.

WILLIAM CHANDLER

Is Elected United States Senator by the Legislature of New Hampshire.

CONCORD, N. H., June 14.—The senate this morning voted for United States senator. The ballot resulted: Harry Bingham, democrat, 9; William E. Chandler, republican, 15.

The house voted for United States senator at 12:30 p. m. The following was the vote: Harry Bingham, 136; William E. Chandler, 155; scattering 6. There having been a majority for Chandler in the two houses he is elected for the unexpired term of the late Senator Pike.

It Will Not be Done.

NEW YORK CITY, June 14.—It has been decided to abandon the plan of getting up a monster petition for Dr. McGlynn, which was to be forwarded to Rome.

Who Did Discover America?

LONDON, June 14.—The documents are displayed in the Norse department of the American exhibition with the object of showing that the continent of America was discovered in 985 by an Icelander named Leif Erickson. A collection of maps, lent by the Royal Geographical society, show the route said to have been taken, and the parts of America explored and named by Icelanders.

The Indians on the Reservation.

WASHINGTON, D. C, June 14. The adjutant-general to-day received the following telegram from General O. O. Howard, dated San Francisco, June 13th: "General Miles telegraphed that Capt. Pierce reports only sixteen men absent from San Carlos, that all the Indians on the reservation understand that the action of a few reflects upon the whole tribe and are anxious that the offenders should be captured. He leaves Los Angeles to-day for Fort Grant."

FOREIGN NEWS.

LONDON, June 14.—The jubilee yacht race around Great Britain and Ireland was begun to-day.

DUBLIN, June 14.—It is reported that the government intends to prosecute Michael Davitt and Mr. Joseph Richard Cox, nationalist member of parliament for East Clare, for their conduct in inciting the Ballyhe tenants to resist eviction.

PRESIDENT CLEVELAND.

Newspaper Speculation as to His Movements—He May Spend a Fortnight in the West Late in the Summer.

NEW YORK, June 14.—A Washington special to the Herald says it is not true, as has been reported, that President Cleveland contemplates next autumn an extended tour through the west, in the course of which he will consent to bethe principal attraction at sundry county and agricultural fairs and other lamelike diversions of like nature. It is more than probable he will spend a fortnight, late in the summer, hunting in the Adirondacks. In September he will attend the Grand Army celebration in St. Louis, stopping a few hours en route at Cincinnati, and possibly at Louisville. He will leave St. Louis via Omaha, where he may spend a half day. It is not improbable that another day may be spent in Chicago. Postmaster General Vilas, who will be at his home at Madison, Wis., about this time, has urged the president to extend his trip to that point also. This the president may do if his brief vacation will permit.

Our Water Supply.

In the joint report of the water works trustees and the committee on water works to the council, at its last meeting, they say: "We also report the water supply, which is now from Spy Run. The flow consists of a small stream, which does not exceed in width six feet, and in depth from six to six inches. It is safe to say, that this supply without rain, would become entirely exhausted in less than thirty days. The city would have to depend upon the chance of getting water supply through the pipe running from the basin to the St. Joe River, which, if all right and safeas to sufficient supply would cause extra strain upon the engine in lifting the water so high as it runs into the basin several feet lower than does the supply from Spy Run. We therefore suggest that a well be sunk as soon as possible."

From this it seems that our water supply is not satisfactory as to quantity and every one of our people who use the water know that the quality could not be much worse. Let us see what this supply, unsatisfactory as it is, has cost the city.

According to the report of the water works trustees for the year ending Dec. 31, 1886, there has been expended:

For a well,	$12,517.47
For Spy Run drain,	5,772.57
For pipe to St. Joe,	6,528.61
Total,	$23,798.65

To that about $24,000, to say nothing of interest, have been expended for a water supply that this joint committee say is no supply at all.

In 1879, the canal owners proposed to guarantee to the city:

1. To furnish all the water necessary for, power and pipe supply, together with later and all other expenses necessary to operate the pumping works to the satisfaction of the city for the sum of $5,000 per annum, with a daily consumption of three million gallons, or a proportionate reduction for a smaller daily consumption.

2. To furnish a daily supply of three million gallons for the sum of $1,500 per year.

If this proposition had been accepted, we would have had better water, our pumping machinery would be in better repair than it is, the city would have saved not less than $25,000, and those who take water could have had more than double the quantity they have had without additional expense.

A CARD.

H. H. Olds Makes a Very Manly Proposition.

To the Editor of The Sentinel:

I read with a great deal of interest the article of D. N. Foster in this morning's issue of the *Gazette*. This is a move in the right direction and meets with my hearty sympathy. If Mr. Morgan, or any other candidate for school trustee will commit themselves before the council this evening to a policy that the fund in possession of the school board must earn some revenue, and said revenue be applied towards the establishment of a public library for the city of Fort Wayne, and when such a position is the established policy of the school board, and a fund of $10,000 is accumulated for a public library, I will subscribe as much as any citizen of this city for a public library building, or I will subscribe fifteen per cent of any public library building erected in our city.

The Hundred Mile Bicycle Race.

INDIANAPOLIS, June 14.—The one hundred mile bicycle race run yesterday on the public roads near Crawfordsville was won by Rhoades. Time, 7 hours, 57 seconds. Crocker was second.

The After Dinner Nap.

There is much difference of opinion concerning the desirability of an after-dinner nap. Those who advocate it cite the example of animals, but those gorge themselves with food whenever opportunity offers, and are heavy and drowsy in consequence. A short rest is, however, different from lethargic sleep, and often appears to do good. Brain-work should certainly be forbidden after dinner; the interval between that and bedtime should be devoted to recreation and amusement. In the case of elderly people a short nap after a late dinner often aids in digestion, but as a general rule it is better for such persons to make their principal meal at 2 p. m. The digestive powers of most elderly people are at a low ebb in the evening. When sleeplessness is troublesome relief should be sought for in the discovery and removal of the cause whenever possible. The condition is often due to indigestion, and when this is the case the ordinary remedies for inducing sleep are worse than useless. The nervous relations between the brain and the stomach are so intimate that disorder of the one organ is almost certain to affect the other. Excitement, worry, and anxiety, which have their seat in the brain, interfere with the functions of the stomach, and in like manner anything that unduly taxes the power of or irritates the stomach disorders the circulation and nutrition of the brain. The sleeplessness complained of by gouty persons is due to the poisonous effect of the morbid material upon the nervous system. Excessive smoking, too much alcohol, tea, and coffee, often resorted to by overworked persons, are frequent causes of sleeplessness. In all these cases the cause is removable, while the effect may be counteracted by appropriate treatment. Nothing is more mischievous, however, than to continue the habits, and to have recourse to drugs to combat the effects. A due amount of exercise tends to induce normal sleep, and such exercise need not be of a violent character. A walk of two or three miles daily is sufficient, and is perhaps as much as a busy man can find time for. A ride on horseback, the Palmerstonian cure for gout, is probably the best form of exercise for persons whose minds are constantly at work. It has been well said that a man must come out of himself when in the saddle; he is forced to attend to his horse and to notice the objects he meets. Walking may be a merely automatic process and afford little if any relief to the mind, and carriage exercise may be practically valueless if the mind is not diverted from what had previously occupied it. *Cartwright Journal.*

WHEAT PANIC!

The Great Wheat Clique of Chicago Utterly Demoralized and May Will go to the Wall.

CHICAGO, June 14.—There was a panic in the wheat pit this afternoon and the great wheat clique is utterly demoralized and it is said to have gone broke on to-day's sensational drop in prices. Moritz Rosenfeld & Co., one of the clique houses said to a reporter this afternoon: "This wheat clique has not kept its engagements and will have to suspend." It is feared a number of other houses will go to the wall before night.

12:50 P. M.—Rosenfeld & Co.'s failure has just been announced on the board and wheat declined for June from 92c to 77c.

Immediately after Secretary Stone had announced the suspension of Rosenfeld & Co. the officers of this firm as well as of other commission houses who are supposed to be acting for the clique, were crowded with anxious brokers all anxious to know what the situation was and whether other clique houses would be forced to suspend also. "Our suspension," said Mr. Johnson, the manager, "is due simply to the reason that our Cincinnati clients have failed to keep all their verbal and written promises in regard to putting up margins. We were assured by them last night that that money would be forthcoming this morning, and at intervals of two minutes all this forenoon we have received telegrams from Cincinnati announcing that the money for margins would be placed to our credit here. Up to now, however, nothing had been received from them, and to prevent more serious losses we took the steps we did." The greatest excitement prevails among the board of trade houses, but up to 2 p. m. no further failures had been announced.

CHICAGO, June 14.—The closing prices at 1 p. m. were wheat, cash, 74½; July, 75. Corn, easier, 36¼. Oats, easy, 24½.

2:30 p. m.—It has just been announced on the board of trade that the commission firms of Hamill & Pride and E. W. Berry have suspended. Kershaw & Co., who are reorganized on the leading clique brokers, sent in a communication to the secretary of the board of trade that they would have plenty of money by to-morrow, and requesting all houses to keep their trades which were then open until then.

At the afternoon session June wheat closed at 74½; July, 75¾.

5 p. m.—The excitement on the board of trade quieted down somewhat as the afternoon session drew to a close, and no further developements are looked for to-day.

AT NEW YORK.

NEW YORK, June 14, 1 p. m.—The depression in the wheat market is even more marked at this hour. The extreme decline is 3½c without failures.

AT MILWAUKEE.

MILWAUKEE, June 14.—The sudden drop in wheat caused intense excitement on 'change to-day. Three failures were announced to-day: Frank Wilson, Joseph Wilde and Hill, Pleitsheim & Co.

COAL DISCOVERED.

A Rich Strata of the Dusky Diamonds Under Maysville, this County.

MAYSVILLE, June 13, 1887.

EDITOR THE SENTINEL:

The development of our progressive age has taken a different direction in our neighborhood from the natural gas excitement manifested in some parts of our state, and instead of natural gas we have strong indications of large and extensive stone coal beds underlying the natural fountain bed of water all over the county, south and east of our village. A few years ago, Abraham Kelly, living about one mile southeast of our town, angered to the fountain bed for an artesian well and came to this strata of coal about twenty feet below the surface. The auger brought up some fine specimen lumps of stone coal and the evidence given by the workmen augured, is that they penetrated the vein about two feet and finding it hard work, and having obtained a sufficient flow of water they did not go any deeper. Since then several good fountains have been established by the same process, and every time they encountered the same deposit of coal before obtaining the artesian well of flowing water. The evidences are very prominently developed that a coal bed of excellent coal whose lies very close to the surface and in such quantities that capital invested would yield a paying per centage. Within a few weeks ago several farmers within one mile and a half of our village have been boring for fountains and struck the same vein of stone coal and in greater abundance. Dr. John Correl's farm they reached the stone coal bed about thirty-one feet below the surface, and drilled into it about the distance of two feet and then did not go any further, as their drill would not penetrate the coal vein very easy surprisingly. They brought up nearly a peck of stone coal material and have tried a one of it in the blacksmith forges of the neighborhood and it is pronounced by the blacksmiths as an excellent article of stone coal. On last week another case of the same kind occured on the farm of Eugene Wohlfield, and here they sunk their auger eighteen inches in the same strata of coal and were compelled to stop, as the augur made very slow progress of it in this case. Also a large quantity of stone material was taken up and again tested in our smith forges, and it was again found to be an excellent quality of stone coal. These last places are from a quarter to a half mile apart and appear to establish the fact that a very large and extensive coal bed has been discovered underlying the surface and in such quantities as to pay a good percentage on invested capital if properly utilized. We are still awaiting further developments, hoping that our enterprising citizens will not stop short of properly improving this important discovery.

GOT THE CASH.

The State Will Pay for the Carnahan Site for the Feeble Minded Children.

The Indianapolis *Journal* this morning says: "The Fort Wayne people had what they considered a good offer of land for the school for Feeble-minded children, and were somewhat disappointed when told that the state had no money just now to give them. They began to fear that unless they had the land, at least, they would finally lose the school, and in support of this referred to what had been done in regard to the new Insane Hospital Fort Wayne expected to get. President pro tempore obtained for them, yesterday, the $10,000 needed. It was paid on a warrant of the state auditor, but the Fort Wayne representative on the board of trustees for the school named was told that he could get no money for building purposes until next year. He said they could borrow sufficient on individual responsibility to begin the work.

A GREAT SUCCESS.

The Entertainment and Social at the Railroad Reading Rooms.

The entertainment given by the Ladies' Auxiliary of the Y. M. C. A. at the Railroad reading rooms last night drew to that place a good sized audience and was a rich musical feast for those who were so fortunate as to be in attendance. The program was not a long or tiresome one, and by 10 o'clock most of the visitors were in the room below partaking of the delicious repast of ice cream, lemonade and cake that the ladies had prepared for the occasion. The musical program as carried out was as follows:

Prayer	Mr. R. M. Hays
Song—"Hear Our Prayer"	Misses Welch and White and Messrs. Hadden and McClusky
Song—The Mozart Quartet	Messrs. Shuily, Bradley, Woodsey and Saynor
Piano Duett	Prof. Dawson and Miss Kate Chapin.
Guitar Duet	Messrs Rose and Maier
Solo	Mr. Alfred Hadden
Song	Mozart Quartet
Song—Pinsuti Quartet	Messrs. Covington, Goodwin, Anderson and Miller.
Piano Selection	Miss Jennie Campbell
Guitar Duet	Messrs. Rose and Maier
Song	Mozart Quartet

The participants all acquitted themselves creditably, and the evening was made a pleasant one by the ladies and the gentlemen members of the organization.

A BRUTAL MURDER.

A Farmer's Wife Slain by Three Burly Tramps Who Sought to Plunder Her Residence.

RICHMOND, Ind., June 14.—To-day William Ball, a farmer living over the Ohio line, drove to Eaton, the county-seat of Preble, with his daughter, leaving his wife, aged thirty-five, and son, aged twelve, at home. About 5 o'clock the latter was startled by pistol shots, and, hurrying down stairs, was terrified to see his mother in the hands of three burly tramps, one of whom was armed with an axe. In his fright he ran to a neighbor's, and help soon arrived, but a ghastly scene awaited them. The woman was lying dead upon the floor, in a pool of blood, her head crushed in on one side and nearly cut off. The ghouls fled lodged in the door and window casings. Even the ceiling was stained with her blood. The manner in which the drawers and shelves in the house were searched indicated the purpose, but they obtained small booty. The country is being scoured by posses of excited men, who will make quick work of meting out justice if successful in their search.

THE MARKETS.

The Prices From the Great Business Centers of the Country.

NEW YORK, June 14.—The stock market was irregular at opening this morning. Differences were for small fractions, the only declines being in a majority. There was some animation in the first ten minutes during which further slight declines were made, but the market then became very dull but firm and prices rallied to generally a shade above the opening which prices remained stagnant and utterly devoid of feature. The principal trading was in Reading, Western Union, Union Pacific, Louisville and Nashville and grangers. At 11 o'clock the market was extremely dull and inclined to heaviness.

MONEY.—Money, easy, at 4@5 per cent. United States 4's coupon, $1.22½, do 4½'s coupon, 1.09½.

Pacific, 6's of '95, $1.23½.

NEW YORK, June 14.—Wheat, depressed; unsettled 1@2½c lower. No. 2 red, June 83¼@84¼. Corn, 1@1½c lower, dull and heavy; mixed, 47@48. Oats, ½@¾c lower, 32@41. Pork, steady, new mess, $16.00; old, do, $1.00. Lard, weaker, $6.87½. Butter, firm, 12@18. Eggs, 10½. Sugar, quiet; powdered, 6¼c. Molasses, dull and heavy, 20c. Coffee, dull and nominal.

NEW YORK, June 14.—As a result of the heavy declines at the west, the local wheat market suffered a bad break and during the period under review there was considerable excitement on pressure to sell.

TOLEDO, June 14.—Wheat, lower but active, at 80½. Corn, quiet, at 39½c. Oats, neglected. Clover seed, steady, at $4.25.

CHICAGO, June 14.—This was a repitition of Saturday's panic in weak market this morning. In less than five minutes from the opening of the board July wheat broke three cents and went down until 79c was reached when a reaction set in and wheat is now gradually advancing, the last quotation being 79½c for July.

HOGS: Receipts, 16,000; active, and firm and 5@10c higher; mixed and heavy packing and shipping, $5 00@5 32½. Cattle: Receipts, 9,000, unchanged. Sheep, $3 65@4 80. Stockers, $2 25@3 20. Sheep: Receipts, 3,000, stronger; natives, $3 60@3 90, Texans, $2 50@3 50. Lambs, $1 25@1 35.

NEW YORK, June 14.—Coffee market opened firm, 95 to 100 points above yesterday's close. Feeling is much improved and the general belief is that the worst is over. W. H. Crossman & Brother are sustaining the market strongly and bidding for 10,000 bag lots at advanced prices.

Cured by Prayer.

The people of Huntington, Ind., are agitated just now over a somewhat remarkable faith cure that was performed three last week, through the power of prayer. A lady who has been an invalid for years, and who has been confined to the house and not able to walk during all of that time, was induced by friends, who were believers in the faith cure, to submit herself to the test. Accordingly they assembled at her residence last week and prayer was offered for her recovery and restoration to health. The prayers were earnest and offered with the faith that their request would be granted, and sure enough the lady arose from her chair the same afternoon and within the same hour and walked about perfectly restored to health. She went into the kitchen and with her own hands prepared a repast that was served to her benefactors and guests before they left the house. Most of the believers in the faith cure that restored the lady to health were the followers of the remarkable Mrs. Woodworth, whom THE SENTINEL made famous some months ago by being the first to herald her methods to the world.

Daily Sentinel

TUESDAY, JUNE 14, 1887.

THE real estate boom at Indianapolis has flattened out and the people of the sleepy capital are looking about for something to cover up the hole.

EX-SECRETARY MANNING has returned from Europe in excellent health. He will cut a figure in national politics and can send a solid New York delegation to the convention for Mr. Cleveland.

THE gas towns are whistling to keep up appearances. The celebrations in vogue now are simply devised to prolong life in villages that have nothing more substantial than a few gas wells back of them.

THE Washington *Star* says that Cleveland will head the next democratic national ticket, with either First Assistant Postmaster-General Stevenson, Postmaster-General Vilas, Senator Voorhees, or ex-Governor Hoadley on the second place.

THE Morton club, last night, passed resolutions calling on the city school board to collect interest on the funds it has deposited in the banks so that the earnings of the surplus can be directed towards establishing a public library. The proposition is an honest one, but who can compel the banks to pay interest, and when they decline to do for the state what they will not do for an individual, what relief can be obtained? Surely no one will insist that the money be taken from the banks.

A CORRESPONDENT of the Seymour *Democrat*, writing from Kansas, says: "I would not give one farm in Indiana for the whole state of Kansas, if I had to live here. Was out to Wichita yesterday—and that town beats anything I ever saw. We got on a street car and rode out in a corn field. I asked the driver if the town extended this far? 'Yes,' he said; 'this is only Fifteenth street—town runs to Forty-second street.' The town has lost her boom. Property that sold last month for $1,200 is being advertised at $600, but none selling. This state cannot hold her boom long and then she will be worse off than she was before."

THE FOURTH OF JULY CELEBRATION.

The Business Men's exchange was too hasty in abandoning its intention to observe publicly July 4, the approaching anniversary of the nation's independence. It was not essential to unite with the Fair association or the Knights of Labor, neither was it necessary to conflict with their interests. It is a moral certainty that an industrial parade in the morning and a free fire works display in the evening would not in the least detract from the Fair association's afternoon exhibition, nor would it embarrass the Knights of Labor, who might, for all that, participate in the morning parade and then proceed to their picnic grounds to indulge in the pleasures they provide. This program could not be impressed on the Knights of Labor with favor, neither would they accept special privileges from the Fair association, saying that they wanted to observe the "glorious Fourth without money and without price." The Exchange might have granted them that right under the declaration of independence, likewise privileged the Fair association, and still arranged an industrial parade and fire works display, or a free fire works display without a parade, but it did not see fit to do so, possibly because there is, as is always the case, a spirit of rivalry between the people most interested in these occasions. It is a custom here, also, to criticise public spirited gentlemen, who usually make celebrations a success and bring hundreds of strangers to the city, so that such a position is not an enviable one.

THE SENTINEL hopes that the differences that unhappily led the exchange to abandon the movement to celebrate and properly observe the Fourth of July, will not deter the merchants of the city from taking the matter in their own hands and carrying it to a successful consummation.

THE whims of some European countries are summed up by a Paris newspaper. "In the best French society it is the fashion to imitate the language and manners of the street. In Germany one is ordered by the street grass and plants which are used as decorations and dust-catchers, and by the carved Bismarck face, heraldic volutes, and in us which form part of our stylish furniture. In England it is the abuse of public terms which has been growing for some years."

Scarlet Fever and Diphtheria are spread by contagion, by the transfer of living matter. These particles come from the skin, the membranous lining of the mouth, nose and throat, and from the intestines and urinary organs. Disinfect promptly and thoroughly with Darbys Prophylactic Fluid, the great germ destroyer.

Prof. H. T. Lupton, of the Vanderbilt University, Tenn., says: "As a disinfectant and deodorant Darbys Prophylactic Fluid is superior to any preparation with which I am acquainted."

POETRY is not made out of the understanding. The question of common sense is always: "What is it good for?" a question which would abolish the rose and be triumphantly answered by the cabbage.—*Lowell.*

JOHN WANAMAKER, the great Philadelphia merchant, is about to erect an immense structure in which the unmarried men in his employ can find a home. But the question is, Will they take to a home where there are no women folks?

COMMODORE VANDERBILT is an uncompromising total abstinence man. A row of stores is to be built this summer opposite the Grand Central Depot, and Vanderbilt has provided in the deeds for perpetual prohibition of the liquor traffic as far as the 200 feet of store front is concerned.

THE women in the Sultan's seraglio at Constantinople have just been vaccinated to the number of 150, in a large hall, under the superintendence of four gigantic eunuchs. The Italian surgeon to whom the task was confided was stationed in front of a huge screen, and the women were concealed behind it. A hole had been made in the screen just large enough to allow an arm to pass through; and in this manner the arms of various colors and sizes were presented to the operator in rapid succession. It was utterly impossible for the surgeon to get a glimpse of his patients; but, in order to guard against the chance of his being able to see through the screen, two eunuchs, who stood by the operator, threw a shawl over his face the instant an operation was concluded, and did not remove it till the next arm had been placed in position.

If the liver and kidneys are sluggish and inactive, Hood's Sarsaparilla will rouse them to prompt and regular action. Take it now.

THE REV. GEO. H. THAYER, of Fourbon, Ind., says: "Both myself and wife owe our lives to SHILOH'S CONSUMPTION CURE."

ARE YOU MADE miserable by Indigestion, Constipation, Dizziness, Loss of Appetite, Yellow Skin, Shiloh's Vitalizer is a positive cure.

WHY WILL YOU cough when Shiloh's Cure will give immediate relief. Price 10 cts., 50 cts., and $1.

FOR THE BLOOD BROWN'S IRON BITTERS

Combining IRON with PURE VEGETABLE TONICS, quickly and completely CLEANSES and ENRICHES THE BLOOD. Quickens the action of the Liver and Kidneys. Clears the complexion, makes the skin smooth. It does not injure the teeth, cause headache, or produce constipation—ALL OTHER IRON MEDICINES DO. Physicians and Druggists everywhere recommend it.

Dr. F. S. STOCKS, of Boston, Mass., says: "I have prescribed Brown's Iron Bitters in my practice for correcting the blood, and removing all dyspeptic symptoms. I have found that best."

Dr. R. of INDIANA, Kentucky, Ind., says: "I have prescribed Brown's Iron Bitters in cases of nervousness and blood diseases, also when a tonic was needed and it has proved the roughly satisfactory."

Mrs. M. A. STARK, St. Mary's, St. Orleans, La., says: "Brown's Iron Bitters relieved me in a case of blood poisoning and I heartily commend it to those needing a blood purifier."

Mrs. W. W. MARTIN, Chesapeake, Ky., says: "I have been troubled from childhood with dyspepsia. Found that nothing relieved me as much as Brown's Iron Bitters. Have advised a number to use it, and all speak in the highest of their valuable qualities."

The Women of Mexico.

In point of amiability, warmth of manner, and affectionate temperament no women in the world can compare with those of Mexico. Beside them all other appear cold and stiff, and what ever advantages these gentle creatures may derive from their intercourse with foreigners it is sincerely to be hoped they may never lose the graceful cordiality which forms so agreeable a contrast to American and English frigidity. In the eyes of strangers this, together with their sweet voices, is an unfailing charm. The fact is foreigner—especially if he be an American or an Englishman, accustomed to the coldness of his fair countrywomen—need live here no longer than to acquire some smattering of the language and become accustomed to the peculiar style of Mexican beauty to find those senoritas perfectly irresistible. And they in turn are always fascinated by the tall, blonde, and active Anglo-Saxon who is so great a contrast to their own countrymen.

But when a foreigner marries a Mexican woman he ought invariably to settle here, for it is very rare that his wife can live anywhere else. They raise the beautiful climate, and pine for that universal cordiality and warmth of manner by which they have been surrounded in Mexico; they yearn for the lassitude-aller and absence of all etiquet in habits, toilets, etc. In other countries they find themselves surrounded by women so differently educated as to be doubly strangers. A very few instances have been recorded of Mexican girls who have been married and taken to Europe when very young, who have acquired European ways of thinking and even prefer the land of adoption to their own; but these cases are so rare as scarcely to form exceptions. They are true patriots, for the visible horizon bounds all their wishes. In France, Spain, or Italy they might manage to exist, but in the United States or England they would be as much out of their natural element as fish out of water. An icy climate, not colder than the manners of the people, a harsh language almost impossible to acquire, a religion which they consider heretical, etiquet carried to excess, and inappreciable order in the toilet—odors unknown, cigarios considered barbarous—they feel like exiles from paradise and live only in hopes of return.

If a Mexican girl is ignorant she soon learns it. Generally they have the greatest tact, never by any chance wandering beyond their depth or indicating by word or sign that they are not perfectly well informed on the subject under discussion. Though seldom graceful on foot they are never awkward, and always self-possessed. They have plenty of natural talent, and where it has been cultivated no women can surpass them. Of what is called literary society of course there is none. There are, however, a few families of the old school, descendants of titled Spaniards, who are rich without ostentation and highly educated. These select few mingle little in general society, being scarcely known at all to foreigners; and you may be sure they keep their daughters closely at home that they may not be contaminated by bad examples.—*City of Mexico letter.*

It is a Curious Fact

That the body is now more susceptible to benefit from medicine than at any other season. Hence the importance of taking Hood's Sarsaparilla now, when it will do you the most good. It is really wonderful for purifying and enriching the blood, creating an appetite and giving a healthy to the whole system. Be sure to get Hood's Sarsaparilla, which is peculiar to itself.

The learned and eminent scholar, Andrew D. White, ex-president of Cornell University, Ithaca N. Y., writes under date Dec. 2, 1884: "Long experience has taught my family to prize Pond's Extract very highly, and to regard it as one of the absolute necessities of housekeeping." Such testimony should induce all families to at least try Pond's Extract; an invaluable remedy for all pains and hemorrhages.

A Fit of Painful Modesty.

On one occasion a young man was going to a country town in an open stage, the driver of which was a garrulous old fellow and the other passengers two old maids and a little girl, Mac being on the seat with the driver. One of the ladies was an affected, overnice kind of a female, who liked to talk, and she kept the driver busy. She was dilating upon the advantages of city life.

"And then, besides all this," she said, "things are so much cheaper in the city."

"Yes'm," replied the driver.

"Why, only yesterday I saw hose sold in a store for 20 cents that would cost 50 in the country."

This was a power, and it was followed by a period of silence, broken by the little girl, who remarked:

"Say, auntie, what is hose?"

"Sh—sh," said the aunt, shaking her head, and the child became silent for a moment, and the aunt began to talk again.

"Auntie," interrupted the child, "what is hose?"

"Keep still, Fannie," said the aunt, with an angry blush.

But the child wouldn't keep still, and very shortly broke in again:

"Say, auntie, what is hose?"

This was too much, and with a snap the aunt put her foot in it.

"Well, if you must know," she answered, "hose is stockings; but I hoped that I would not be compelled to mention the word before that nice young man on the front seat."—*Washington Critic.*

SIMMONS LIVER REGULATOR

DYSPEPSIA

Up to a few weeks ago I considered myself the champion Dyspeptic of America. During the years that I have been afflicted I have tried almost everything claimed to be a specific for Dyspepsia in the hope of finding something that would afford permanent relief. I had about made up my mind to abandon all medicines when I procured an endorsement of SIMMONS LIVER REGULATOR by a prominent Georgian, a jurist whom I know, and concluded to try its effects in my case. I have used but two bottles, and am satisfied that I have struck the right thing at last. I felt its beneficial effects almost immediately. Unlike all other preparations of a similar kind, no special instructions are required as to what one shall or shall not eat. This fact alone ought to commend it to all troubled with Dyspepsia.

Dr. C. T. Meisheimer, of Bluffton, is very ill and his family have been summoned to his bedside. The doctor is seventy years of age and located at Bluffton in 1846. He is known to the profession all over northern Indiana.

Dr. S. B. McManus' poem "What would you take for me," has been translated into the German and French languages. The subject was his own little girl—George Eliot—then three years old, who lay in his arms through a long, anxious night, sick with a fever, during which she asked "Papa, what would you take for me?"

While at Churubusco on Sunday, Cy Lease lost his pocket book containing $38 in money and $280 in notes. He did not miss it until he reached this city in the evening and he returned the next day to search for it. It had been picked up on the railroad track by a farmer, and upon Mr. Lease's describing the property, the honest farmer returned it to him.

The following building permits have been granted: To Sophia Meyer, to erect a kitchen costing $150 on lot 45, Hanna's addition; to Peter Kline, to erect a one-story frame house costing $200 on lot 112, North Side addition; to Michael Kopp, to erect a one-story frame house costing $250 on lot 26 in Lillie's addition; to Bruno Tulet, to erect a wood shed costing $10, on lot 20, North side addition.

Last evening Frank Herald, one of the ball boys at the Arcadian house, was ascending in the elevator with Mr. D. H. Worsten, of the Globe Warehouse. When they reached the third floor the lad in some way got his leg caught between the elevator floor and the frame above and severely injured the limb. The elevator descended, and Drs. McCaskey and Wheelock were called. The boy was taken to his home in a carriage by the latter. His injuries were dressed by Dr. Wheelock, and the boy will not be able to resume work for a few days.

The police commissioners met last night and revised the rules for the day and night officers. The officers must all have new uniforms by July 1. They must also drill under the direction of Captain Diehl and they are forbidden to stop and talk to people unless on important business. The other restrictions of the old rules remain in force.

Henry Meyer, who works in the wheel shop of the Bass foundry and machine works, was overcome with heat yesterday. He had been drinking considerable water during the day, and when he quit work at six o'clock and was crossing the railroad track on his way home, he fell to the ground unconscious, and had to be taken home in a hack. Dr. Sturgis was hurriedly called and in about an hour Mr. Meyer regained his consciousness. This forenoon he was considerably better, but he will not be able to resume work for several days.

The twenty-third annual convention of the Indiana Sunday School union will be held in Columbus, beginning Tuesday evening, June 21, and continuing through Wednesday and Thursday. It is a mass convention, open to all Sunday school workers in the state who desire to attend. All persons who attend can secure reduced railroad fare, viz: one fare and a third for round trip, by simply getting a certificate from the ticket agent showing that they have paid full fare going. This certificate, when stamped by the secretary, entitles the holder to a return ticket at one third the usual rate. Sunday school officers in this city and throughout the state are requested to make this announcement and appoint delegates and urge a full attendance. Free entertainment will be provided by the good people of Columbus.

"Dice" Strodel is lying at the point of death.

George C. Hahns, of Lafayette, is in the city to-day.

Rudy Rinewald went to Rome City to-day with the excursion.

The *Gazette* says the Knights of Labor band has disbanded.

Judge C. A. O. McClellan, of Auburn, is in the city on legal business.

Mr. M. Frank, of the Bee Hive, returned from Chicago last evening.

Main street needs new sidewalks worse than any thoroughfare in the city.

The Laporte band arrives at 10:50 to-night. They are quartered at the Windsor.

Pfeiffer & Schlatter sue David Knepper for $50. A. H. Bittinger is their counsel.

A little daughter of Fred Racine, on Case street, Bloomingdale, is sick with the measles.

The bulk head of the Harrison street sewer is going to pieces. The city will have to repair it.

Superintendent George F. Fails was summoned to locate a new school house at Monroeville, to-day.

Ben McKenzie, a section man on the Wabash, fell from a hand car west of the city this morning and broke a rib.

The Platt Deutsche Fritz Reuter Verein are going to give another excursion to Warsaw, but no excursion rates to Dr. Shultz go on the program. He abandoned the party last Sunday and sought the society of his rotund sweetheart.

Dr. Charles M. Gobeen, of South Whitley, was fined $10 and costs, yesterday, by Judge Woods, of Indianapolis, for violating the internal revenue law. The doctor formerly lived in Fort Wayne and his clever arrest by Inspector Geo. Obneck is recalled.

The Chicago *Tribune* special from Springfield, Ill., says: "The Lilly veto will come up on special order in the house to-morrow. It may receive enough votes to get it through the house, but its success in the senate is by no means assured." It was to come up at 11 o'clock, and if the grant is refused Mr. Lillie will use the stake.

Dick Nahrwald, the man who stabbed James Boyle, is still at large. Policemeister, who was indicted for the offense, turns state's evidence on Nahrwald, and Prosecutor Dawson is pretty angry because the fellow is not arrested. The warrant is in the hands of the sheriff and his men, but they do not seem to get the fugitive, although he is in the city and works off and on at the Bass foundry. The day officers will not leave their beats to look for Nahrwald and this is the way crime is detected and punished.

Manager O. L. Perry yesterday discovered in the proceedings of the common council, August 25, 1874, a report giving the Western Union telegraph company the right to place its poles on Calhoun street. The report is signed by T. Hogan, H. Schneider and H. N. Thomas. It reads: "Your committee on streets, to whom was referred the petition of the Telegraph company, asking the privilege of setting their poles on Calhoun street, would report in favor of granting said petition, provided the poles are outside of the curb, and at the street and alley crossings only, and to be under the supervision of the city civil engineer; and that said engineer be satisfied that said poles be properly painted." The report only gives the company the right to place its poles at the street and alley crossings, whereas now they are scattered along the street in front of business houses. If the council cannot change its action granting the company the right on Calhoun street, it can make it live up to its agreement.

NEW K. OF P. LAWS.

Several Amendments to the Constitution —and What They are.

During the final afternoon session of the grand lodge, Knights of Pythias, at Indianapolis, the following amendments to the constitution were adopted:

Art. II. Sec. 1. The elective officers of the lodge shall be chancellor commander, vice chancellor, prelate, keeper of records and seal, master of finance, master of exchequer, and master at arms, who shall be elected annually at the last stated meeting night in December.

Art. IV. Sec. 3. Should one black ball appear against a candidate the ballot shall be renewed immediately, and, if there still be but one balloting shall be deferred until the next regular meeting, during which interval the member who cast the black ball shall inform the chancellor commander, in writing, for the reason of his opposition to that candidate. The chancellor commander, on receipt of the information, shall remove the name of the informer, and at the next regular meeting shall read to the lodge the objection named, after which another ballot shall be had, and if not more than one black ball then appears, the applicant shall be declared elected. If the member casting a black ball fails to give his written reasons to the chancellor commander before the next regular meeting the applicant shall be declared elected; "provided that the chancellor commander shall never reveal the name of the member who cast the black ball." Should two or more black balls appear, the applicant shall be declared rejected, and no other ballot shall be taken in his behalf for the space of "six months thereafter" and should be adopted by this grand lodge,

The amendment to section one of article two will not affect the coming elections, but will go into effect at the December elections. Section ten article five of the general laws was so amended that when a lodge has accumulated a sum of $1,000, such levy for the widows and orphans' fund may cease until such maximum sum of $1,000 shall have been reduced, in which event the levy of five per cent shall again be made as provided, until the maximum of $1,000 shall have again become accumulated.

WE'LL NOT CELEBRATE

This Fourth but Some Other Fourth in the Dim Future.

Mr. S. C. Lumbard presided at quite a largely attended meeting of the Business Men's Exchange last night. Mr. John Rouse was voted into membership and considerable routine business transacted. The committee to arrange a celebration for July 4th reported and explanations from the committee, from Chairman Rohan, of the Knights of Labor, and D. C. Fisher, of the Fair association, followed. The Knights of Labor would submit to nothing but a free celebration, the Fair association locked over its bank account and found that it was not in a position to give $3,000 or $5,000 worth of entertainment for nothing or for fun, while the Business Men's Exchange did not see its way clear to harmonize with either of the foregoing interests and voted to abandon the Fourth of July celebration entirely.

A NEW ONE.

The Walter Laugtry Medicine Company Organized.

The Walter Laugtry Medicine company filed articles of incorporation with County Recorder Heller yesterday. The association has a capital stock of $8,000 divided into shares of $50 each. The object of the company is to manufacture in Fort Wayne medicine and veterinary instruments and to vend the same.

The directors are Walter Laugtry, Milton H. McKean, David McKay, Henry G. Stouder and Louis Meyer.
